Staff/Faculty Advisors are an integral part of the AB program. Student Experience Leaders coordinate the logistics for the trip, facilitate team activities and reflections and serve as the main contact for community partners. Staff/Faculty Advisors serve as a learning partner for the student team and as an advisor for Experience Leaders by providing support, guidance and resources throughout planning, educational and experiential activities before, during and after the immersion trip.

It is important for Staff/Faculty Advisors and Experience Leaders to proactively discuss expectations they have for each other and specific tasks to be distributed. In general however, all Staff/Faculty Advisors will be expected to:

**Before the Immersion:**
- Meet with Experience Leaders on a regular basis to discuss trip-planning process and provide guidance and assistance where needed. (Meet with the Experience Leader twice a month in person & have virtual check-ins (over email, gchat, phone) at least weekly with Experience Leaders)
- Advise Experience Leaders in the trip-planning process (including budget, fundraising, community partners, logistics, issue education, and social justice education)
- Assist your team in fundraising efforts to offset the cost of the trip for participants
- Attend team meetings & service activities as available; assist team leaders in setting meeting agendas & objectives

**During the Immersion:**

- Create deep meaningful dialogue, inquiry and critical thinking contributing to students’ transformative learning
- Serve as a resource for the Experience Leaders concerning group dynamics and logistics as needed

- Manage money for food, gas, and other expenses (obtained from university working funds)
- Take appropriate actions in case of an emergency on the trip
- Participate in all service and reflection experiences during the trip
